## Medicare Hospice Respite Care

### Did you know . . .

that hospice respite is the most under-used of the Medicare Party A hospice benefits?

### Why use hospice respite benefit?

End stage individuals require special care, but even the most devoted caregivers need to take a break, or go on vacation. We understand the special needs of individuals who have reached the end stage of a disease and will provide the caring and compassion required for a comfortable stay. With this peace of mind, caregivers can truly enjoy the break they deserve.

### Did you Know that the Respite Benefit:

- Covers a 5 day stay in a skilled nursing facility
- Allows repeat stays as often as needed
- Provides the usual care and services delivered by hospice, but in a skilled nursing center environment
